<sup>(</sup>a) On January 1, 2016, the Company adopted an accounting change which requires the classification of deferred tax liabilities and assets as noncurrent. Prior period balances have been revised to conform.

<sup>(</sup>b) On January 1, 2016, the Company adopted an accounting change which requires the presentation of debt issuance costs in the consolidated balance sheets as a deduction from the carrying amount of the related debt liability instead of a deferred charge (as an asset). Prior period balances have been revised to conform.

(a) During the first quarter of 2016, the Company changed the presentation of its reportable segment information to report corporate services separately from its domestic and international operations. Corporate services expenses, which was previously allocated between domestic and international based on revenue, is included under the "Corporate Services" heading in the tables above. For comparison purposes, income (loss) from operations and depreciation and amortization expenses for prior periods have been conformed to the current presentation. Corporate Services primarily includes personnel, occupancy and other operating expenses for shared functions, such as executive management, technology, analytics, business development, legal and licensing, compliance, risk management, internal audit, human resources, payroll, treasury, finance, accounting, and tax.
